

BUCKING COW TRAIN

THE BUCKING COW TRAIN WILL BE A DRAW TO YOUR EVENT. OUR DESIGN IS VERY STABLE, STRONG, AND UNIQUE. THE TRAIN HAS A REALISTIC BUCKING ACTION.

FEATURES:

- *Comfortable seats.
- *Life like cow designs.
- *Heavy duty axles and ball bearings.
- *Automotive style wheels.

FINISHED BUCKING COW CAR INCLUDES:

- *Completely painted frame and barrel.
- *Name painted on both sides of barrel.
- *Painted head, legs.
- *Rope tail.
- *All hardware necessary for assembly.
- *An instruction manual.

SAFETY FEATURES:

- *Seat Belts in each cow car.
- *Bumper guard on the top of each barrel opening to prevent passenger injury.

TOWING REQUIREMENTS FOR BUCKING COW TRAIN:

- *The bucking cow train needs to be pulled by vehicles that have stationary throttle settings, so that maximum speed of operation cannot be surpassed.
- *5 cow cars can be pulled with a large mowing tractor.
- *10 cow cars can be pulled with a 20 to 25HP tractor.
